The group exhibition *À Bout de Souffle* (or 'Breathless') is the latest offering at the super-cool [Alserkal Avenue](#) gallery. Artists Omar Barquet, Olaf Breuning, André Butzer, Gil Heitor Cortesão, Jojo Gronostay, Michael Sailstorfer, Sara Rahbar and Anahita Razmi have come together to tell stories of the stillness of a moment, encouraging us all to take it in and then breathe out. According to the gallery, the pieces 'drift between various states of calm and calamity'.
