

## Time Out Dubai

27 September 2022

### 12 must-see art exhibitions to check out this winter

By Amy Mathieson

In this solo exhibition at CARBON.12, we're told that artist Sarah Almehairi takes the viewer 'along for a walk' – meeting visual pathfinders and revisiting trails she's taken. The work ranges from concrete sculptures to work on paper and canvas in a range of colour and shades. The idea is to demonstrate that no path is the same, however many times it is trodden.
