ARTS DISTRICT ALSERKAL AVENUE

In recent years, one of the region's most influential artists' quarters has emerged on the site of a former marble factory. Today, extravagant events, gastronomy, art and fashion come together in the old warehouses on **Alserkal Avenue**. One of the first on site was the **Carbon 12** gallery by the Austrian Nadine Knotzer. In her showroom she shows works by artists such as Olaf Breuning, Bernhard Buhmann and Sarah Almehari, among others. New is one of the leading event organizers in the MENA region: **TMV@TheFridge** regularly hosts unique live music evenings.
